

To whom it may concern,

K-LOVE has been an encouragement to me. When I am on the road I turn to K-LOVE. I enjoy the good positive music. My two young children like the music as well. In the world we live in today it is nice to hear something good.

If K-LOVE were to be taken away from this area I am sure it would be replaced with more negative depressing music. This world already has enough bad things happening. We need more positive, encourageing music.

I think that this community needs all the help it can get to know that there is something to look forward to. We need to keep all the encourageing music there is. To give our community some hope.

Thank You for your time.
